PROFESSIONAL SUMMARY

Pharmacy graduate paired with B2B healthcare sales and business analysis experience. Proven track record in optimizing customer data workflows, tracking systems, and cross-functional operations to enhance customer retention and efficiency. Skilled in data analysis (SQL, Advanced Excel), CRM/Sales process modeling (BPMN), and bridging healthcare domain requirements with technical execution.

CORE COMPETENCIES

- Customer Journey Mapping
- CRM & Pipeline Management
- SQL Data Querying
- Process Modeling (BPMN)
- Process Analysis & Optimization
- Advanced Excel & Google Sheets
- User Stories & Use Cases
- Stakeholder Management
- Jira & Figma

WORK EXPERIENCE

B2B Sales & CRM Executive (*Process Improvement*) Mar 2025 – Present Allegens Co., Ltd.

- Redesigned the document management system and standardized client data organization, cutting information retrieval time by 60%.
- Built a payment and order-tracking system on Google Sheets, synchronizing client lifecycle data between API and Import–Export teams for accurate management reporting.
- Standardized team workflows to improve task visibility and cross-department accountability, reducing unnecessary meetings and raising on-time task completion by 50%.
- Acted as the cross-functional liaison across Sales, Drug Registration, Import–Export, and Customer teams to ensure seamless client delivery and satisfaction.
- Communicated confidently across all levels, from specialists and managers to senior directors, and worked directly with international healthcare partners during on-site visits.

PROJECTS & CASE STUDIES

Business Analyst Training Program (Hands-on Projects) — Techcamp Co., Ltd. (Apr 2026 – Present)

Personal Finance Fintech App — “Where Did My Money Go?” 2026

- Conducted user research to define customer personas, scope, and key user retention metrics.
- Benchmarked user journeys of comparable apps; modeled core business processes using BPMN and User Stories.
- Authored a complete SRS (functional & non-functional requirements) to guide system development.

Digital Transformation — Muong Khuong Chili Sauce (OCOP Product) 2026

- Analyzed existing sales channels and proposed an e-commerce platform to optimize the customer ordering funnel.
- Modeled customer journey workflows and designed UI wireframes for key conversion screens in Figma.
- Wrote the BRD, clarified business requirements, and handed off specifications to the technical team.
