PROFESSIONAL SUMMARY

Business Analyst with hands-on experience in business process optimization, cross-functional operations (B2B Sales, Supply Chain, Payment Tracking), and enterprise system design. Proficient in conducting Fit/Gap analysis, modeling As-Is & To-Be workflows with BPMN, authoring comprehensive BRD/SRS blueprints, and facilitating UAT/user training. Strong English communication (TOEIC 860) and pharmacy/healthcare domain background.

CORE COMPETENCIES

- Fit/Gap Analysis & Blueprint
- Order-to-Cash & Supply Chain
- SQL Data Querying
- Process Modeling (BPMN)
- Stakeholder Management
- Agile / Scrum Framework
- Requirement Gathering (BRD/SRS)
- UAT Testing & User Training
- Jira, Figma & Excel

WORK EXPERIENCE

Business Process & Operations Specialist (*B2B Sales*) Mar 2025 – Present
Allergens Co., Ltd.

- Redesigned enterprise document management and standardized operational data organization, cutting information retrieval time by 60%.
- Architected a payment and order reconciliation system on Google Sheets, synchronizing operational data across API, Logistics, and Import–Export teams for accurate management reporting.
- Standardized cross-department workflows to improve task visibility and accountability, reducing unnecessary meetings and raising on-time task completion by 50%.
- Acted as the cross-functional liaison across Sales, Drug Registration, Logistics, and Customer teams to keep order fulfillment on schedule.
- Facilitated process workshops, communicated across management levels, and interfaced directly in English with international healthcare partners during on-site visits.

BUSINESS ANALYST PROJECTS

Business Analyst Training Program (Hands-on Projects) — Techcamp Co., Ltd. (Apr 2026 – Present)

Digital Transformation & Supply Chain — Muong Khuong Chili Sauce (OCOP) 2026

- Surveyed existing business processes (As-Is) and performed Fit/Gap analysis to propose an end-to-end web and order management solution.
- Modeled target business workflows (To-Be) using BPMN and designed key UI wireframes in Figma.
- Authored comprehensive BRD and functional blueprints, handing off technical specifications to the development team.

Personal Finance Fintech App — “Where Did My Money Go?” 2026

- Analyzed financial management workflows, accounting logic, and cash flow tracking requirements.
- Formulated comprehensive User Stories, acceptance criteria, and full SRS specification within an Agile/Scrum framework.
- Designed test scenarios and conducted validation to ensure functional accuracy against requirements.
